YouthBuild

GET THE TOOLS YOU NEED TO SUCCEED

PAID TRAINING

GED Completion and Pre-Apprenticeship Certificate in Construction

We are accepting applications for a 6 month paid training program where participants will alternate between a classroom and jobsite. Trainees will complete their GED and learn hands-on construction skills by remodeling affordable housing in the community. Trainees will also have opportunities to network with area businesses and will follow through with an action plan for rebuilding their future...by the end of the program, trainees will begin a new career, post-secondary training, or a career in the military.

If you are 18-24 years old,

If you dropped out of high school and need your GED,

If you have a passion for construction,

If you are unhappy with your current employment situation,

If you need work experience for your resume,

If you want to go to a trade school or college....

YouthBuild may be your chance for success.

CALL 644-6575 x 109 TODAY FOR MORE INFORMATION

Classes now forming for November 2009.

YouthBuild is a national program funded through the US Department of Labor,
that will be administered locally by the following organizations:

The Home Builders Institute
