March 26, 2020

During this time of crisis, we have become aware that many local businesses have had to close, cut back, even lay off or terminate employees. As a result, employees are losing their healthcare coverage and ancillary benefits at a time when they may need it more than usual.

R.S. Associates is here to help. We are a local brokerage with over 35 years of experience. While most agencies and brokerages have abandoned individual healthcare policy writing, we are well aware of the need of individuals to protect themselves and their families from the high cost of healthcare. Because of this need, we continue to provide this service to our community.

If your employees should find themselves needing individual coverage, we are offering to meet with individuals and assist them with the process of acquiring healthcare coverage. We can also assist remotely with online appointments to help prevent possible virus exposure.

Please share our company contact information with those in need.

These are difficult times for our community. We are here to serve you. Please reach out to us if you have questions or need assistance.
