NOTES:

- Data Source: EMSI, 2020.1
- Unless noted, information is based on 2019 estimates.
- Government industry sector includes public education and some public hospitals.
- Education industry sector includes private industries only.
- Jobs include QCEW (Quarterly Census of Employment and Wages) jobs, Non-QCEW jobs, and Sole-Proprietors located in Central PA.
- Projected change based on the 2019-2022 time period.
- Location quotients compare the concentration of employment locally to the State. A value of 1.0 or greater indicates a higher concentration, and a value less than 1.0 indicates a smaller concentration in Central PA compared to the State.
- Industry earnings based on current estimates; include wages, salaries, proprietor income, and supplements (additional employee benefits).
- Gross Regional Product: includes earnings, property income, taxes, and subsidies.
- Demand: the total amount spent by industries and consumers on the given industry.
- Demand Met In-Region: the amount spent by industries and consumers on essential goods inside Central PA for the given industry.
- Demand Met by Imports: the amount spent by industries and consumers on essential goods outside of Central PA for the given industry.
- Sales: the given industry's total annual sales (gross receipts), both to other industries and to consumers as well.
- Sales In-Region: the given industry's total annual sales to industries and consumers inside Central PA.
- Sales Exported: the given industry's total annual sales to industries and consumers not inside Central PA.
- Multipliers are only produced for 6-Digit NAICS industries. The estimated multipliers shown in the table are averages of the industries within each sector weighted by the number of jobs. Multipliers identify the total regional effect of every job, dollar in earnings, or dollar in sales that is generated by an industry.
- Jobs Multiplier: the total jobs created in Central PA for every job created by an industry.
- Earnings Multiplier: the total dollars paid out in wages, salaries, and other compensation throughout Central PA for every dollar of earnings generated by an industry.
- Sales Multiplier: the total dollars of sales throughout Central PA for every dollar of sales received by an industry.
- Gross Regional Product, Demand, Sales, and Multipliers are calculated using EMSI's complete Class of Worker dataset.
- Information for specific industries is available upon request: www.cpwdc.org/workforce-trends/workforce-research-requests/.
